

The technical side of Bevi

The maintenance of Bevi is just as simple as pouring your favorite drink but this time there are only **2 steps**.

Refill station

Our machine accepts any container. With our single-nozzle design and LED lighting, filling up is clean and easy.

Touchscreen dispense

This is where a user selects their custom drink; still, sparkling, flavored or not.

Water/power supply

- Standard 3-prong US 120V electrical outlet, draws less than 9 amps.
- 3/8" outer diameter water line.
